WATER MAIN BREAK

The Department of Public Works is repairing a water main break on Pine Street in front of Dealer.com and a blown valve on Howard Street. We currently have the water off on Pine Street from Howard Street to Locust Street and on Howard Street up to Caroline Street. We will continue working until all repairs are complete and water service is restored. Customers may also experience reduced pressure during this time.

Traffic is currently moving in both directions on Pine Street but it is slow. Howard Street is closed to traffic from Pine Street to Hayward Street. Please consider seeking alternate routes during your evening commute. We appreciate your patience.
